

CROWLE & EALAND TOWN COUNCIL NEWSLETTER

ISSUE 7

- **The market place.**

Now that the contractors have cleared the market place we have the opportunity of experiencing a new civic space in which it is proposed to stage a number of different events, these will be advertised in due time and will take the form of markets, and assemblies of formal and informal bodies. It is hoped that these occasions will help to stimulate the local economy and draw visitors to the area. As the first phase of the market place development is completed plans are being laid for *phase 2* where it is hoped a range of new buildings will be sited at the northern end of the market place. Grants from both North Lincs Council and monies from European sources can be made available if Crowle and Ealand Town Council are prepared to "pump-prime" this development with their own investment, which could take the form of a new council office situated on the ground floor of a two floor building with the council attracting rent from the letting of the upstairs accommodation. Details of the costings involved can be seen at the Council Office in Fieldside on Tuesdays and Thursdays whilst the town clerk is in attendance.

- **Allotments**

The allotments sited opposite Don Farm are now in operation and it is planned to hold an Open Day on August 28th. During the Open Day arrangements have been made to hold the official 'Opening Ceremony' at 10.30a.m. When the Mayor and North Lincolnshire Parks Superintendent will be in attendance, a tree will also be planted in commemoration of the event. The transformation that has taken place over the past weeks is remarkable with a good variety of crops being grown and the allotments looking well looked after and organised so that there is adequate access to and from Individual plots, a credit to the committee and the promise of more to come in the future. Visitors to the Open Day are encouraged to come and have a good look round, there will be plenty to see and people to chat with and there are still two plots left if you are tempted to join. For further details contact: The Secretary North Axholme Allotment Society: Eric Dinsdale 01724 712592.

- **Surgery Dates**

These councillor surgeries are your opportunity to voice your concerns: whether you are concerned about local transport issues, rented accommodation, local services etc. The more feedback the Council have the more effectively it can discharge its responsibilities. Surgeries take place on the following dates between 10.00a.m. and 12.00 noon:

28th August - No Council Surgery this month
25th September
30th October
27th November

29th January 2011
26th February 2011
26th March 2011
30th April 2011

- **Town Plan.**

On July 14th a public meeting was held at the Community Hall to discuss the matter of producing a **Town Plan**. This is a document produced by members of the public to promote the interests of the community by researching the problems which local people experience in relation to: housing, transport, schools, medical services, recreational facilities etc. It is then, guided by public opinion, that recommendations for future developments can be made.

The meeting successfully attracted a sufficient number of the public to proceed with a further meeting to select a *steering committee* whose responsibility it would be to produce the Town Plan and guide its implementation. Peter Hirschfield from Humber and Wolds Rural Community Council was there to pilot people through the procedure of forming a Town Plan and showed examples produced by other communities in North Lincolnshire.

- **Councillor Attendance Figures.**

Elected councillors to Crowle Town Council are required to attend council meetings on a regular basis and the following chart records attendances and absences during the period May '09 to April '2010. The chart does not show reasons for absence nor does it include attendances on Council Sub-committees or other meetings where councillors represent Crowle Town Council in the business of other organisations.
